Calling all unionists & union supporters in Sydney's West!

Please join us for a special briefing on our plans for the upcoming union-led Federal Election campaign. The tactics we will use to oust Abbott and make him a one term Tony will be based on those used in the hugely successful **Your Rights at Work** campaign that was responsible for ending the dreaded WorkChoices and booting the Liberals out of government in 2007.

We will be hearing from the formidable **Sally McManus**, ACTU's newly appointed Campaign Director, who is touring the Central Coast especially to fill us in on how we can all be part of the one term Tony team and help to **Build a Better Future** for our ourselves and our community.

Do you want to be a part of a movement to **Build a Better Future** for the next generation so they have good jobs, retire with dignity and be supported if they fall on hard times?

I thought so.

Spots are limited so make sure to **RSVP before Midday Tuesday, 23rd June.**
