

We are voting NO

Workmates,

When we started negotiating a new Agreement you said that some things really matter – back pay, a fair pay rise, increases to our allowances, being treated with respect at work because we are part of a strong union!

We stood together and won one of those things but there is still much more to FIGHT FOR and win. That is why we are VOTING NO to management's current offer and want you to VOTE NO too – will you stand with us?

We can win a better agreement but only if we VOTE NO and keep up the fight.

In Solidarity

Your delegate team
