

TIME TO KEEP UP THE FIGHT

24th November 2017

Congratulations! You and your workmates at ARTC around the state have said that you are ready to keep up the fight!

Despite management trying to take the credit for your hard work, you know that sticking together and taking action is the only thing that has won you increases to your allowances and classification increases.

Now together, the fight continues for back pay, a fair pay increase and to maintain your union rights.

Watch your email and phone for details on next steps!
