

# ***PROTECTED ACTION BALLOT CONFIRMED***

24th November 2017

Your protected action ballot application was confirmed yesterday evening by the Fair Work Commission. This means that you and your workmates will have your chance to send management a message about what you think of their proposed Agreement.

In the next couple of days, the Australian Electoral Commission (AEC) will set out a timetable for the postal vote. Your union representatives will keep you updated with this information.

The ballot will be run by mail so you will need to keep an eye on your postbox.

The best way to show management that a fair Agreement is something you will fight for is for everyone to participate in the protected action ballot and vote YES on every question.

Only members get a vote so join quickly to have your say.

**To secure your vote in this ballot, update your contact details at [www.bit.ly/trainsea](http://www.bit.ly/trainsea). Make sure you give Sydney or NSW Trains management the same details.**
