

WIN FOR TRANSPORT SHARED SERVICES DELEGATES

Today we were advised that our Transport Shared Services' delegates had a monumental win on the personnel and payroll restructure.

On 23 October 2020, the Combined Unions submitted an alternative proposal to the Executive Director of Transport Shared Services. Our delegates worked tirelessly around the clock to ensure that the proposal would be taken seriously.

Moments ago, Transport Shared Services informed us that they were persuaded by our delegates alternative proposal and would agree to:

- Temporary Full-time positions will instead be permanent positions;
- NSW Trains payroll will stay at Newcastle;
- Transport for NSW payroll will be staying at Burwood; and
- Members can take voluntary redundancy if they wish.

There are still some issues that need to be resolved around the outcomes for Grade 5 payroll staff and our delegates will continue to push those forward.
