Date : 5 February, 2021

On 28th and 29th January, Delegates from across the RTBU spent two days training and planning for the upcoming NSW and Sydney Trains EA.

During the days we covered the stages of bargaining, talked about building powerful workplaces and started to develop plans to make sure that we get the best outcome possible for members throughout the upcoming EA.

We will be in touch soon with more details about how you can get involved in your EA.
