Date : 1 August, 2016

### RTBU Infrastructure Division – Sydney Trains Depot Tour

The RTBU Infrastructure division will be conducting a Sydney Trains depot tour over the month of August 2016. The goal of this tour is to enable your organisers to introduce themselves and meet as many members as possible.

The dates, times and locations will be subject to operational requirements of the various depots.

We will be in contact with RTBU Delegates in each depot to arrange the time and date of our visits.

We are looking forward to getting to know our members on a personal level and talking about issues concerning each depot within Sydney Trains.
